

# VISAKIT

## Sample pack — Egypt -> Spain (BLS International)

### SAMPLE — FICTIONAL APPLICANT

Every name, date, number and document in this pack is invented, so you can inspect exactly what a finished Visakit pack contains before you pay anything. No real applicant's data is used anywhere in this sample.

#### Route

Egypt -> Spain · Schengen short-stay tourist visa (Type C) · application centre: BLS International, Cairo

#### Applicant (fictional)

Omar Adel Fikry — Egyptian passport holder, Cairo

#### Trip

Madrid, 1–10 December 2026 · single entry · hotel in central Madrid

### What is inside this pack

Part 1 — the completed form data: every answer for the official Schengen application form, ready to copy exactly.

Part 2 — the document checklist for Spain, item by item, as the reviewer marked it on this file.

Part 3 — the reviewer's notes: the actual mark-ups a human reviewer made on this (fictional) file — what was flagged, what was fixed, and what the applicant still had to do. This is the part you are paying for: a second pair of expert eyes on YOUR file before the consulate sees it.

## Part 2 — Document checklist for Spain, as reviewed on this file

---

### **Completed and signed Schengen visa application form**

Completed from Part 1 and signed. Copy every field exactly.

### **Passport**

Issued 2022 (within 10 years), valid 3+ months beyond departure, 3 blank pages. Photo page + all non-blank pages copied, as Spain asks.

### **Passport-style photo**

Retaken — see Reviewer's note 4. Final photo: white background, 3.5x4.5 cm, taken October 2026.

### **Travel medical insurance**

Reissued — see Reviewer's note 1. Final policy covers the full stay plus buffer, EUR 30,000+, whole Schengen area.

### **Round-trip flight reservation**

Cairo -> Madrid return reservation, 1–10 Dec 2026. Reservation only — do not buy the ticket before the decision.

### **Proof of accommodation**

Hotel booking covering all 9 nights, Madrid. Name on the booking matches the passport spelling.

### **Bank statements (means of subsistence)**

Completed — see Reviewer's note 2. Final set: full 6 months, stamped and signed by the bank.

### **Employment / status proof**

Corrected — see Reviewer's note 3. HR letter on company letterhead: position, salary, recruitment date, approved leave for 1–10 Dec 2026.

## **Travel itinerary**

Day-by-day plan incl. the Toledo day trip, consistent with the bookings and Madrid as main destination.

## **Family / civil status documents (if applicable)**

Not applicable to this applicant (single, no dependants). Left out deliberately — an empty slot here is a decision, not an omission.

## **Copies of previous visas (if any)**

None — first Schengen application. Stated openly on the form instead of left blank.

# **Part 3 — Reviewer's notes on this file (the human review, shown in full)**

These are the mark-ups the reviewer returned on this file, in the order they were raised. Five flags: four were fixed with the applicant before the pack was finalised; one stays as an instruction for appointment day. Names and details are fictional; the mistakes are the ones real files arrive with every week.

### **Note 1 — Insurance dates (flagged, then fixed)**

The first policy covered 1–9 December, but the return flight lands on 10 December — one uncovered day is a classic refusal ground. The policy was reissued to 12 December before the pack closed. Status: FIXED.

### **Note 2 — Bank statement period (flagged, then fixed)**

The first upload covered 4 months. Spain asks Egypt applicants for 6 months of statements, stamped by the bank. The applicant uploaded the missing 2 months; the final set is complete and stamped. Status: FIXED.

### **Note 3 — Employer letter dates (flagged, then fixed)**

The HR letter approved leave for 2–9 December while the flights are 1–10 December. A one-day mismatch between two documents in the same file invites questions. Corrected letter received, dates aligned. Status: FIXED.

### **Note 4 — Photo background (flagged, then fixed)**

The uploaded photo was taken at home against a grey wall. Spain specifies a white background, 3.5x4.5 cm. Retaken at a studio for a few pounds — cheaper than a refusal. Status: FIXED.

### **Note 5 — Appointment-day instruction (carried, not a defect)**

Sign the form in blue ink, bring the printed pack AND the originals of everything in Part 2, and arrive at BLS with the fee in the form the centre currently accepts. The government fee (EUR 90) and the centre's service fee are paid by you, there — Visakit never collects them. Status: READ BEFORE YOUR APPOINTMENT.

## **Review outcome: file ready to lodge. Five flags raised, four fixed with the applicant, one instruction carried to appointment day.**

This pack was prepared by Visakit (Mehyar Soft LLC), a private document-preparation service. Visakit is not a government body, not a consulate, and not a law firm. This pack does not guarantee a visa: the decision on every application belongs solely to the consulate of the destination state. Government visa fees and service-provider fees are separate from Visakit's fee and are paid by the applicant directly. Check every field against your passport and documents before signing and submitting.
